Anti-bribery and corruption policy

- **Policy:** Amman Arab University is committed to manage all its affairs with the utmost integrity, and in full compliance with applicable laws and regulations, including those related to combating bribery and corruption.
- **Objective of the policy:**
 - Preventing bribery and corruption in any form, whether directly or indirectly.
 - Ensuring that all transactions with students and stakeholders are conducted in a transparent, ethical and legal manner.
 - Establishing a framework to identify, to prevent and to address the risks of bribery and corruption within the university activities.
- **The foundations of the anti-bribery and anti-corruption policy are:**
 - Dealing transparently with all operations.
 - Zero tolerance with any form of bribery or corruption.
 - Dealing with integrity and honesty in all procedures and actions.

Legal Seminar at Amman Arab University Explaining the Contents of the Laws of Election and Parties

Under the patronage of Prof. Mohamed Al-Widyan, President of Amman Arab University, the University, in coordination with the College of Law, organized a legal seminar in the Centennial Stage entitled "Election Law and Party Law" presented by His Excellency Al Ain Dr. Khaled Mahmoud Bakkar, Member of the Senate, and His Excellency Eng. Walid Mohy All-deen

At the beginning of the seminar, which was moderated by Prof. Muhannad Abu Mujli, Dean of the College of Law, explained the role of the College of Law in disseminating awareness and education in law, and encouraged students to engage in political work with the aim of reform, development and respect for other opinion. In turn, Prof. Mohammed Al-Widyan, President of the University, welcomed the guests of the seminar and the attendees from the university and members of the local community. In his speech, he pointed out the challenges facing Jordan, the countries of the region and the whole world face clear challenges that need future thinking and readiness. In his speech, His Excellency Eng. Waleed Al-Masri pointed to the role of political parties in the province and the promotion of national gains during the first centenary of the life of the Hashemite Kingdom of Jordan, and the importance of youth and their role in providing parties with competencies that enable them to achieve their national goals.

In turn, His Excellency Dr. Khaled Bakkar talked about the need to restore confidence in state institutions, especially parliament, and enhance the role of women in participating in political life.

At the end of the meeting, the guests of the symposium responded to the inquiries and questions of the attendees, and the President of the University honored the guests of the university in recognition and thanks to them for their attendance, and for the information they provided that contributed to enhancing the role of young people and their knowledge of their role and the responsibility placed on them.

Al-Bashayrah from Amman Arab University on the List of the 100 Sustainability Champions for 2023

The International Union for Social Responsibility announced the list (the 100 sustainability champions in the Middle East and North Africa region for the year 2023) based on its global classification on sustainability, and the International Union for Social Responsibility is one of the international organizations that seeks to build a professional international system that contributes to promoting social responsibility practices and their application in the world through partnership with specialized international, governmental, private and community entities. The list included large and influential personalities from the Middle East and North Africa countries across the honorary and professional categories

The advisor of Amman Arab University for social responsibility, Mr. Bassam Al-Bashayra, was selected among the list of (the hundred sustainability champions in the Middle East and North Africa region for the year 2023), and the selection of Al-Bashayra came in recognition of his achievements in the field of sustainability applications and its consolidation as an institutional practice. It is worth mentioning that Amman Arab University, through the Social Responsibility Office, is based on building prospects for cooperation with sustainable development and global social responsibility organizations, and providing educational, training and socio-economic programs, projects and initiatives that promote sustainable development. The University is the official headquarters of the Arab Council for Sustainable Development emanating from the Union of Arab Universities.

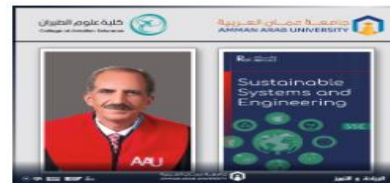

It is also an exclusive representative in Jordan for the Regional Network for Social Responsibility and a member of the International Union for Social Responsibility, and it is linked by agreements and partnerships with many official and private local institutions.

Dean of the College of Aviation at Amman Arab University, Member of the Editorial Board of the Magazine "Sustainable Systems and Engineering"

Within the framework of the University's endeavor to achieve its motto of entrepreneurship and excellence and to achieve the message of Amman Arab University in all forums, and with encouragement from the higher management represented by the kindness of the university president, Prof. Mohammad Al-Widyan, the Dean of the College of Aviation Sciences, Dr. Eng. Anwar Al-Assaf, was chosen as an editor and member of the Journal "Sustainable Systems and Engineering"

For faculty members to network with various institutions and published by REFAAD International Publishing House. It is noteworthy that this magazine is concerned with all technical, environmental and economic disciplines related to sustainable development. It is a refereed and an open-access journal that is published twice a year. It works to achieve the sustainable objectives of the United Nations towards a better life for individuals and societies, sustainable food, energy, carbon, water, sanitation, innovation and infrastructure, healthy environment and marine life. It is noteworthy that the Arab University of Amman hosts the Arab Council for Sustainable Development emanating from the Association of Arab Universities.

Pleadings Hall

The courtroom is used to teach students the process of litigation in criminal courts, wherein students implement a practical application of a criminal offence in terms of representing the role of the judge, the public prosecutor and the convict.

Pioneering and Excellence
